

# LCX LANDING CRAFT X MISSIONS

For complex navy missions at sea

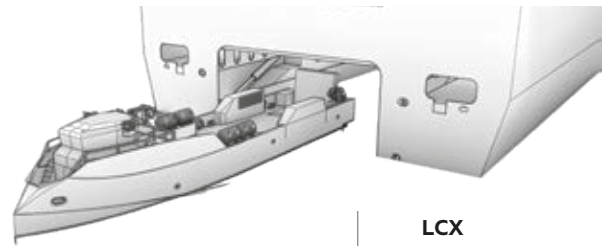

# LCX

## LANDING CRAFT X MISSIONS

A major asset to Naval Forces

With a high level of seaworthiness and maneuverability, designed with a 360° command bridge, operated from NATO well decks, the LCX can accommodate anti-submarine and mine warfare detachments to support **reconnaissance, identification and threat neutralisation.**

- ▲ Operated from NATO well decks
- ▲ Antisubmarine Warfare (ASW) support
- ▲ Mine Warfare support
- ▲ Special operations
- ▲ Vehicles & equipment landing

LCX	
<b>▲ PERFORMANCES</b>	
<b>Mothership interface</b>	
Operated from NATO well deck	★
Virtual reality docking training	★
<b>Navigation</b>	
Very shallow water operations	★★★
Speed (loaded/unloaded ship)	★★★
Operational range	★★
<b>▲ MISSIONS</b>	
<b>Amphibious Operations</b>	
Habitability	★★
Vehicles landing	★
Civilian logistics	★★
Harbor / beach interface	★
Deployment at sea of amphibious assets	★★★
Deployment of RHIBs / interceptors	★★★
Beach reconnaissance assistance	★★★
<b>Naval Operations</b>	
UAV / ROV deployment	★★★
Mine Warfare support	★★
Antisubmarine Warfare (ASW) support	★★★
<b>Maritime Security</b>	
Offshore patrol	★
Coast Guard missions	★

**High speed**  
**High sea keeping**  
**Maneuverability**  
**Multipurpose**

	Length / Width	29,5 m / 6,4 m
	Draft at full load	1,3 m
	Speed at full load / light ship	20 kts / 35 kts
	Sea state	5
	Normal / Maximum payload	40 t / 65 t
	Platform area	95 m <sup>2</sup>
	Range	500 nm
	Weapons	2x20 mm TOP
